

BODY POLITICS Zeitschrift für Körpergeschichte

Open Call

Body Politics welcomes submissions, and we would especially like to encourage younger colleagues to submit articles to our journal. Accepted articles will be published free of charge for authors, we do not demand any fees. Body Politics publishes articles in German or English. If you are interested, please send us your draft or article by e-mail for review in doc or pdf format (kontakt@bodypolitics.de).

Body Politics is published as an online journal two times a year. All issues focus on specific topics, and the journal collects theoretical and empirical contributions on the topic in two rubrics („perspectives“ and „analysis“). Each issue, however, may offer space for articles beyond the main topic („open section“).

Please also consult our pages concerning double-blind peer-review process, announcements, copyright issues and layout (http://bodypolitics.de/en/wp-content/uploads/2013/05/Submit-an-article_end.pdf).
